- Analyze hymns and Scripture for a deeper understanding of their meaning

Student Expectations

Every student is expected to memorize paradigms, vocabulary, verses, prayers, and songs, and students are asked to recite or sing them in class. Every student will be called on to participate in each class.

Weekly tests are administered at home and reviewed as a group with Mr. Roumas. Students are encouraged to get out their red pencil during this time and make corrections on their own work.

Grading and Feedback

Mr. Roumas will grade online submissions of tests and give a recommendation for the course grade each semester, with comments. Throughout the year, Mr. Roumas responds to student and parent questions via e-mail. Phone and video conversations can be set up if needed.
